

FIRE SAFETY POLICY

Densholme Care Farm provides for the following groups of service users:

- Children and Adults with physical difficulties
- Children and Adults with learning difficulties
- Children and Adults with poor mental health
- School pupils
- Work placement students
- General public

As such, it is particularly important that buildings and other areas can be evacuated quickly and easily in case of fire.

This Care Farm has the following features:

- . Adequate, signed fire exits in all buildings
- . Ramps where required
- . Adequate fire alarm systems that are tested at the required intervals.
- . Adequate, in date fire extinguishers of the correct type, in all buildings and fire blankets where required, as advised by Humberside Fire Services.
- . Regular fire drills so that all students and staff are familiar with drill routine and assembly points.
- . Risk assessments have been prepared for all tasks that have fire risk attached.
- Clearly signed fire assembly point
