

FIRE SAFETY POLICY

Densholme Care Farm provides for the following groups of service users:

- Children and Adults with physical difficulties
- Children and Adults with learning difficulties
- Children and Adults with poor mental health
- School pupils
- Work placement students
- General public

As such, it is particularly important that buildings and other areas can be evacuated quickly and easily in case of fire.

This Care Farm has the following features:

- . Adequate, signed fire exits in all buildings
- . Ramps where required
- . Adequate fire alarm systems that are tested at the required intervals.
- . Adequate, in date fire extinguishers of the correct type, in all buildings and fire blankets where required, as advised by Humberside Fire & Rescue Service.
- . Regular fire drills so that all students and staff are familiar with drill routine and assembly points.
- . Risk assessments have been prepared for all tasks that have fire risk attached.
- Clearly signed fire assembly point

FIRE EVACUATION PLAN

Fire Safety Housekeeping

Fire doors are designed to prevent the spread of fire and poisonous smoke, and to provide people with protected routes to safety in the event of fire. **DO NOT WEDGE FIRE DOORS OPEN**, or store combustible materials in corridors and stairs. It is also an offence.

Staff and visitors must familiarise themselves with the location of all fire exits, fire alarm call-points, fire extinguishers and the Fire Assembly Point.

This is a non-smoking building – smoking is not permitted anywhere on the premises.

Discovering a fire – what you must do:

RAISE THE ALARM - warn everyone in the building that there is a fire and **SOUND THE ALARM**.

CALL THE FIRE BRIGADE

DO NOT DELAY in summoning the Fire Brigade. Call from a place of safety. Dial 999 and give our details – Densholme Care Farm, Hull Road, Great Hatfield, HU11 4UX.

ATTEMPT TO FIGHT THE FIRE – (if safe to do so)

Prompt use of a fire extinguisher can nip a major incident in the bud. If you encounter a fire then only use the extinguisher if it is safe to do so, and you know how to use them. Leave as soon as the extinguisher has emptied or the fire is growing! The fire blanket and powder extinguisher are located next to the oven in the kitchen area.

REMEMBER:

- SOUND THE ALARM FIRST & CALL THE FIRE BRIGADE
- KEEP YOUR ESCAPE ROUTE CLEAR
- USE THE CORRECT TYPE OF EXTINGUISHER.

Evacuation procedure ON HEARING THE FIRE ALARM:

- Leave the building **PROMPTLY**, **DO NOT WAIT TO BE TOLD AND DO NOT** attempt to collect personal belongings.
- Observe any specific instructions about isolating equipment or services.
- Use your nearest Fire Exit, (look for the green 'Running-Man' signs).
- If you find smoke blocking your route then go a different way.
- **DO NOT** block the fire exits.
- Move away from the building and keep the entrances clear for the Fire Brigade.
- Once out of the building proceed to the Fire Assembly Point and listen to the instructions given by the Fire Officer, who is responsible for your safety and liaising with the Fire Brigade.
- **DO NOT** go back into the building until you are specifically told to do so by the Fire Officer or the attending Fire Brigade Officer in-Charge.

NOTE: silencing the alarms is not a signal to re-enter the building.

Helping Visitors and others that you may encounter:

- Fire Wardens are there to help and ensure the building is evacuated; you must carry out any directions they give.
- **DO** escort out your visitors, members of the public etc.
- **DO assist anyone with mobility difficulties.**

Fire Assembly Point:

The Fire Assembly Point is located in the car park next to the vehicular gate to the Amenity Trail and is clearly signposted.

The conduct of people at the Fire Assembly Points and on leaving the building is critical to everyone's safety.
